EDUCATION

William & Mary — B.S., Business Analytics with Data Science
Graduated May 2023

Richard Bland College of William & Mary — AAS, Business Administration and Management, Cum Laude
Graduated May 2021

SKILLS

- CRM & Analytics Tools: Tableau, SQL, R Programming
- Project & Process Management: Agile Methodology, Jira, Confluence, Wrike, A/B Testing, Dashboard Reporting, Business Performance Analysis
- Cross-functional Collaboration: Stakeholder Alignment, Marketing Coordination, Customer Insights, Marketing Strategy, Process Optimization, Strategic KPIs

RELEVANT EXPERIENCE

Product Manager – Experian (Remote)

May 2024 – March 2025

- Analyzed large-scale product usage data to identify performance patterns and created and monitored dashboards with KPIs to inform business performance and strategic planning.
- Supported end-to-end GTM strategy for digital product features, aligning messaging and positioning with user needs and business goals.
- Partnered with marketing and design to deliver product storytelling that increased awareness and feature adoption.
- Delivered weekly reports to stakeholders, highlighting key insights, trends, and areas for improvement.
- Worked across FE, BE, iOS, and Android teams to develop and deliver features that increased product visibility.

Product Management Rotation Program – Experian (Remote)

June 2023 – May 2024

- Led performance tracking for new feature rollouts using SQL, Excel, and internal BI tools.
- Coordinated between operations and analytics teams to optimize delivery efficiency.
- Contributed to cost-saving recommendations by identifying workflow redundancies and data bottlenecks.
- Worked on anti-fraud tools like Precise ID and BioCatch for Consumer Identify protection.
- Monitored A/B test results and collaborated with analytics to refine campaign direction and messaging strategy.

Marketing Intern – Experian (Remote)

May 2022 – July 2022

- Developed launch playbooks and conducted strategic assessments using data visualization and KPI tracking.
- Supported leadership with ad hoc reporting and recommendations for new marketing tactics.

Student Representative – State Council of Higher Education for Virginia

Oct 2020 – May 2021

- Participated in strategic budget meetings, providing data-backed proposals to leadership.
- Liaised between field (students) and administration, similar to field ops-SSC coordination.

PROJECT HIGHLIGHTS

Excel Business Analytics Model

Created multi-scenario financial models using advanced Excel techniques, simulating retail operations KPIs.

Marketing Opportunity Strategy

Conducted formal market and operations research for a retail franchise; proposed optimized product positioning and promotional tactics using data from field interviews.

3M Innovation Case Competition – Top 10 Finalist

Developed automation and operations strategy based on business model assessment and enterprise data review.

MEMBERSHIPS & LEADERSHIP

VP of Administration – Alpha Kappa Psi, William & Mary

President – Student Assembly, Richard Bland College
